

SMX 3099.11 (98-14CIP3DIV2)
PATENT

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Application of Howard Turner, et al.

Art Unit 1743

Serial No. 09/723,926

Filed November 28, 2000

Confirmation No. 7411

For PARALLEL REACTOR WITH INTERNAL SENSING AND METHOD OF USING SAME

Examiner A. Soderquist

December 15, 2004

LETTER TO THE PATENT OFFICE AND ISSUE FEE PAYMENT

TO THE COMMISSIONER FOR PATENTS,

SIR:

Please note for the record that Applicants' REQUEST FOR CONTINUED EXAMINATION TRANSMITTAL was timely filed on April 27, 2004, not on June 16, 2004, as noted on pages one and two of the Notice of Allowability issued on September 22, 2004. On June 16, 2004, Applicants filed a Letter to the Patent Office explaining that the RCE timely filed on April 27, 2004 listed the wrong series code ("10" instead of "09") and was inadvertently processed by Technology Center 3600, rather than with Technology Center 1700. Applicants' letter of June 16, 2004, requested that the RCE documents of April 27, 2004, be entered into Application Serial Number 09/723,926. Therefore, the actual date of the RCE filing remains April 27, 2004.

The issue fee payment is also enclosed herewith.

Applicants respectfully request that the drawings in the above-entitled application be replaced with the forty-three (43) sheets of formal drawings enclosed.

If the Office has any questions or needs additional information from Applicants, please call the undersigned at (314) 231-5400.

Respectfully submitted,

Brian P. Klein, Reg. No. 44,837
